DOWNLOAD NOW!

### VAST SONG LIBRARY

Browse through over 4,000 songs from various genres and artists. Love Coldplay? We've got them! Always wanted to rap to Jay-Z? We've got him!

### CHOOSE HOW YOU PERFORM

KM not only has a wide variety of songs that you can choose to perform, we also have a number of different ways for you to perform those songs. Sync up with friends and perform or perform solo! You can even select how the lyrics are displayed on the screen.

### UPLOAD YOUR OWN

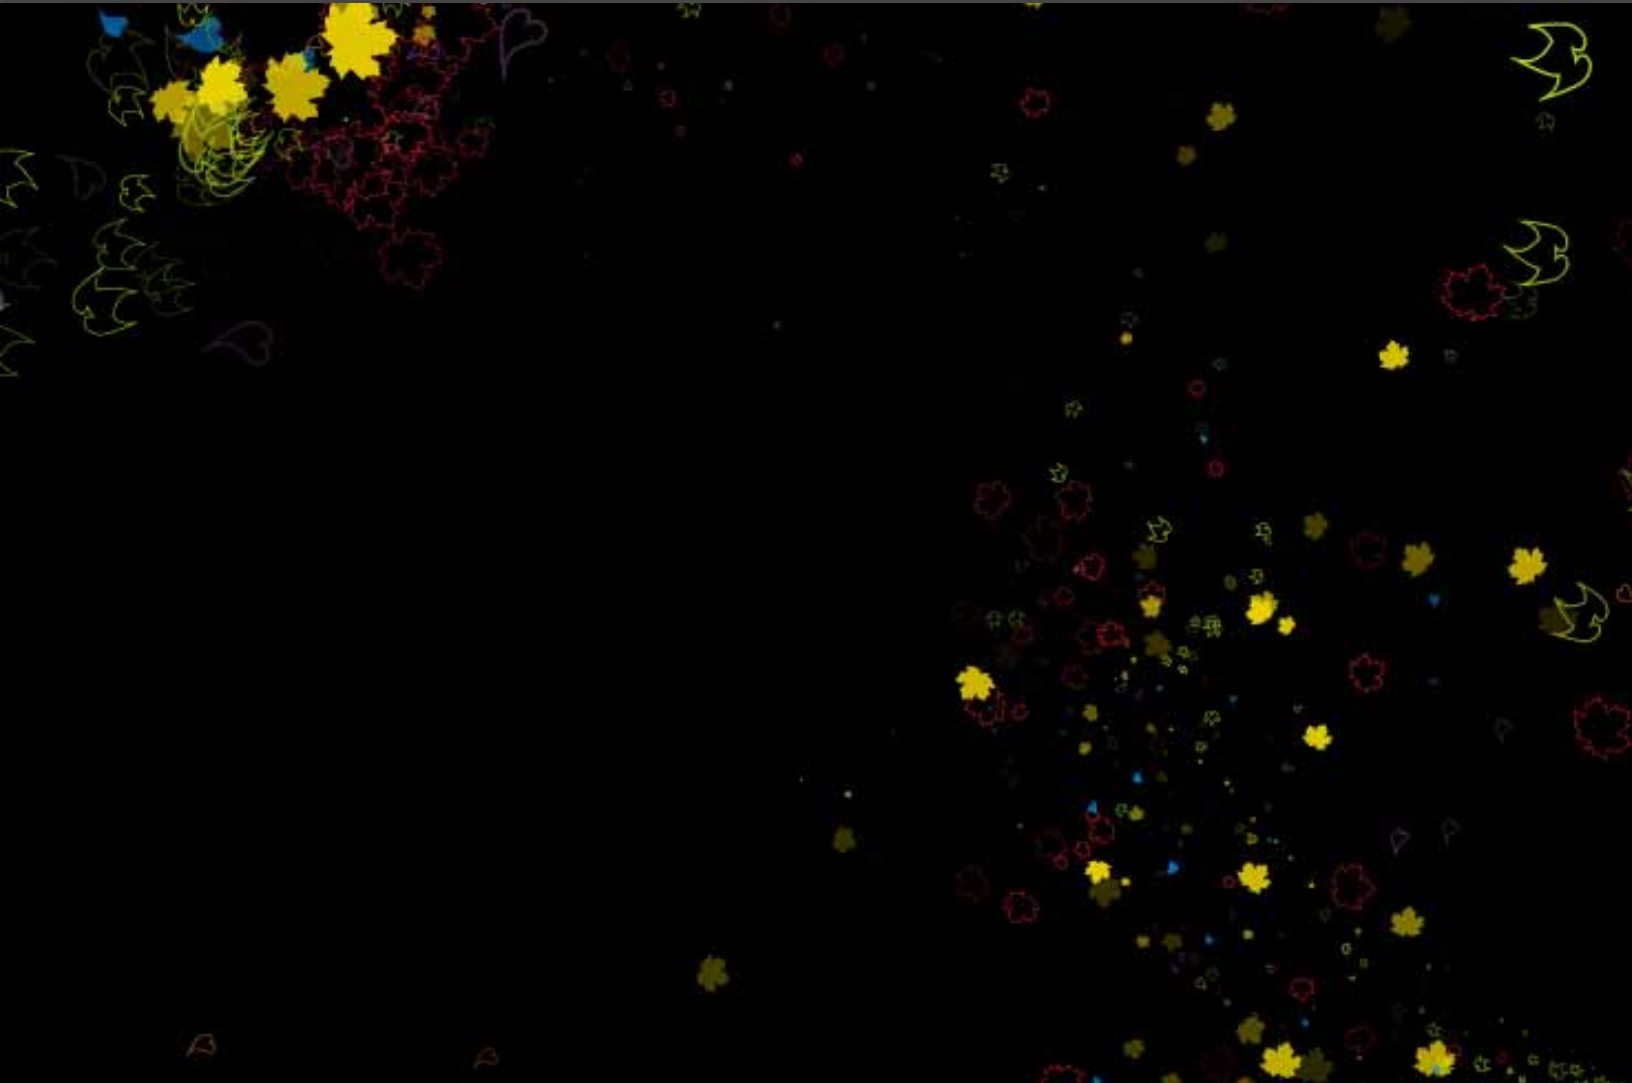

Have you browsed our database and found that we didn't have that one song in particular that you were looking for? Well KM gives you the option of using your own songs within our app!

# TIME + MOTION

*Components: Action Scripting 3.0 Animation, Poster*  
Exploration of action scripting 3.0 and manipulation of objects and how to convert them into print media.

FILA

*Components: Photo Imaging*

Color-way creation and implementation on various shoes.

FILA

*Components: Photo Imaging*

Color-way creation and implementation on various shoes.

## POSSESSION

*Components: Digital Photography*

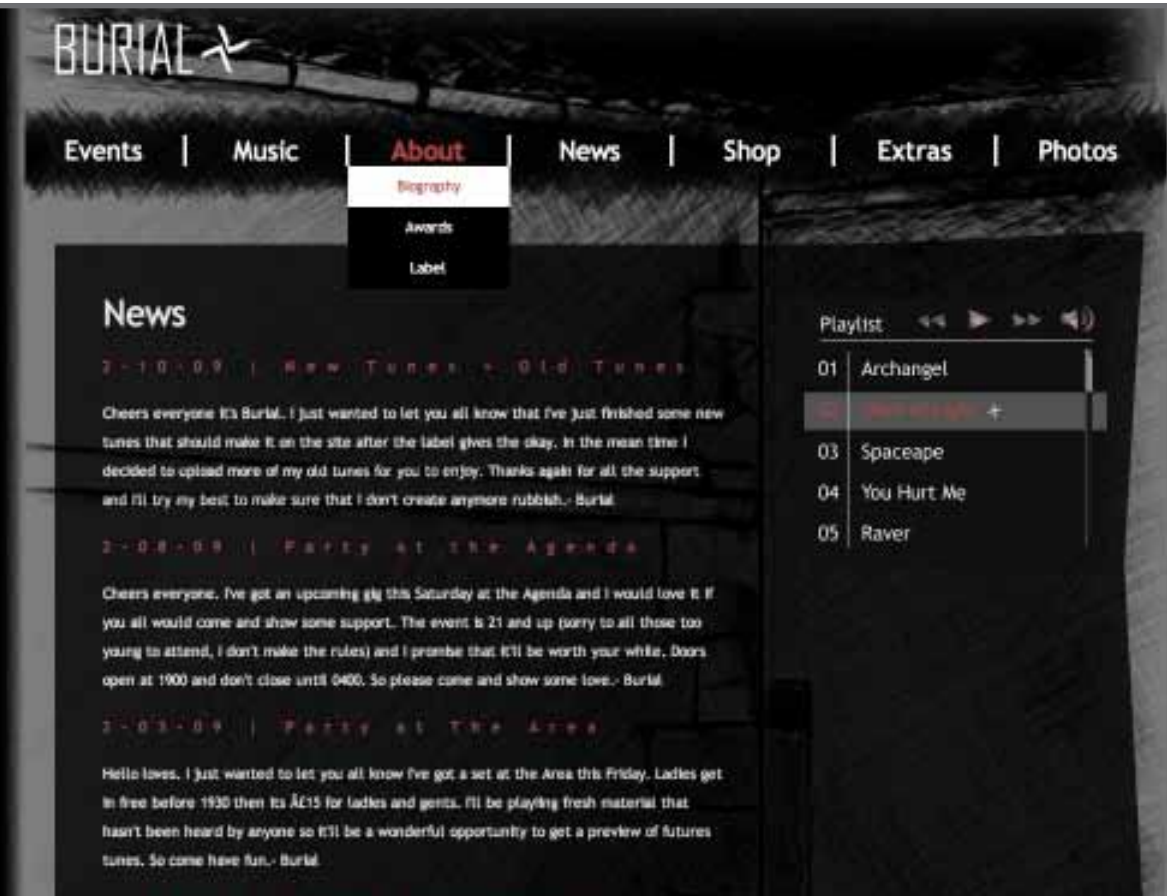

A photo series exploring obscure spot lighting and motion blur.

# BURIAL (UNOFFICIAL)

Components: Website

Website for/about my favorite musical artist Burial. This is a personal project, it wasn't commissioned by him or his label.

## WIN A CHANCE TO HAVE YOUR VOICE MIXED INTO A TRACK BY BURIAL!

Burial is looking to create new tracks and he wants his fans to be apart of the process! Record yourself singing lyrics to your favorite song, between 1 and 2 minutes, and submit it the site in a zip file for our review. 3 finalists will be chosen, 3 tracks will be mixed and uploaded to the site, and then you all will vote on the winner!

### Grand Prize:

- Your voice in an original Burial track
- Your track on Burial's next album
- A copy of Burial's next album
- Your track broadcasted on European airways
- A set of beat boxes and mics
- Other Hyperdub merchandise

### Prize 1 (1st Prize):

- Your voice in an original Burial track
